1 Q. Thank you.

- 2 A. -- "believed her to be a City official
- 3 based on her intimate knowledge of the City's
- 4 business, the terms of Inception's contract, and the
- 5 status of PO, billing and payments, as well as her
- 6 statements."
- 7 Q. Do you recall if that's what you told the
- 8 detective at the time?
- A. I don't recall exactly, no.
- 10 Q. Okay. I believe, in answer to an earlier
- 11 question, you didn't mention all of those things.
- 12 But we can look at the detective's report in a
- 13 minute.
- 14 A. Sure.
- 15 Q. And skip ahead to No. 12. Tell me when
- 16 you are ready, Ray, please.
- 17 A. Yeah. (Perusing document.) Okay.
- 18 (Perusing document.) Okay.
- 19 (Perusing document.) Okay.
- 20 Q. So in the middle of, actually, that begins
- 21 with "Thinking Ms. Ortolano," would you read that.
- 22 A. "Thinking Ms. Ortolano was a City
- 23 official, I promptly returned the call."

- 1 don't have access to those files. When can we get
- 2 those files back?' I did not provide Ms. Ortolano
- 3 access to the scanned documents."
- 4 Q. Thank you.
  - So I don't believe that you mentioned the
- 6 quoted language here when you described that second
- 7 phone call. Do you recall that?
- B A. I am not sure what you are referring to.
- 9 Q. So where you have in quotes down at the
- 10 line -- first line from the bottom --
- 11 A. Yeah.
- 12 Q. -- "We don't have access to those files.
- 13 When can we get those files back."
- 14 As you sit here today, do you recall her
- 15 saying that or asking those questions?
- 16 A. Yeah. That -- she was concerned about
- 17 documents that were being requested. And she made
- 18 comment that, while we have those files in our --
- 19 Inception's possession, that she didn't have access
- 20 to those files.
- 21 And I said to her that, you know, "You do.
- 22 Because when we scan them and upload them into
- 23 DocuWare, you can search and retrieve those files."
- 34
- 1 Q. Okay. And just to clarify, when you
- 2 received that voicemail message, was there anything
- 3 in it that led you to believe that Ms. Ortolano was
- 4 a City employee?
- 5 A. Just like I said, she -- I have never had
- 6 this situation come up where I have had a client of
- 7 a customer call me looking for information. She
- 8 mentioned Nashua. She mentioned the PO. I just
- 9 concluded she was with the City.
- 10 Q. Okay. So you are really sort of
- 11 reinforcing your previous answer that, because it
- 12 was so rare or maybe had never happened before, that
- 13 you were assuming that she was a City employee;
- 14 correct?
- 15 A. In 28 years, it's never happened.
- 16 Q. Okay. And if you go down to the bottom of
- 17 your answer, beginning with "On or about February 4,
- 18 2022," please read that.
- 19 A. (As read) "On or about February 4, 2022,
- 20 Ms. Ortolano called me again and left a voicemail.
- 21 Once again, I promptly returned the call.
- 22 Ms. Ortolano questioned me about public access to
- 23 the documents, at one point stating/inquiring: 'We

- 1 And that's, again, under the thought that she was
  - 2 with the company [sic]. And I mentioned that she
  - 3 could, you know, have Kim provide her log-in
  - 4 credentials to get access to those files if she were
  - 5 a City employee. She didn't say she wasn't. And
  - 6 she let it go, and that was it.
  - 7 Q. Okay. And the last line in your answer
  - 8 here where you say "I did not provide Ms. Ortolano
  - 9 access to the scanned documents," did she ever ask
  - 10 you for the scanned documents?
  - 11 A. She wanted to know when they could have
  - 12 access to them. She didn't specifically say
  - 13 "scanned documents." I said to her that, you know,
  - 14 "You could have access to those scanned documents if
  - 15 you got log-in credentials from Kim."
  - As a company, we don't give out log-in
  - 17 credentials from -- we pick a point of contact
  - 18 within the organization who tells us, "Yes, this
  - 19 person can have access to those files." So I kind
  - 20 of was referring to the fact that, if she wanted to
  - 21 get access to those scanned documents, as an
  - 22 employee of the City, she could have requested
  - 23 log-in credentials.

1 Q. Thank you.

2 One more from this document and that's

3 Interrogatory No. 14 starting here.

4 A. (Perusing document.) Okay.

5 (Perusing document.) Okay.

Q. So before we scroll on through this one,

7 Ray, at the bottom of the first paragraph here,

8 would you read the sentence beginning with "She

9 stated that she would."

10 A. "She stated that she would make sure

11 payment from the City would be expedited."

12 Q. Okay. And I believe this is all

13 repetitive of something you wrote before?

14 A. Uh-huh.

15 Q. But we now get to an email. Do you

16 recognize this email?

17 A. Yes.

18 Q. Okay. And what is it?

19 A. It's an email that I sent to my customer

20 that was essentially summarizing what I determined

21 to be a breach of my customer's information. My

22 responsibility is to my customer and to keep their

23 information confidential, regardless of the nature

1 A. So I know what my thought process was

2 around writing it, which was that I felt that I had

3 violated our security protocols by disclosing

4 customer information about -- you know, to somebody

5 who wasn't with my customer.

Q. Okay. Thank you.

7 And the paragraph that begins on this page

8 with "This past Friday," would you read that first

9 sentence, please.

10 A. "This past Friday I received a voicemail

11 from Ms. Ortolano which I forwarded to Kim Kleiner

12 after speaking with Ms. Ortolano and finding about

13 this person from Kim."

14 Q. Thank you.

15 So you described that before, I believe;

16 right? So after the second phone call with

17 Ms. Ortolano, you communicated with Ms. Kleiner;

18 correct?

19 A. No. I believe that it was the third, not

20 the second, because I didn't notify Kim about a

21 voicemail from Ms. Ortolano. Now, I still had a

22 copy of the voicemail in my email box and forwarded

23 it to her after I found out that she wasn't with the

38

1 of the information. So I felt that it had been

2 breached and I needed to notify my customer the

3 circumstances around that.

Q. Do you recall whether you ever

5 mentioned -- excuse me -- anything about a security

6 breach in this email? I will let you read the whole

7 thing before you answer, if you want to take a --

8 A. No, I don't specifically recall saying

9 "data breach" in there. But, essentially, for me,

10 that's what it came down to.

11 Q. Okay. And do you know whether notice of a

12 security breach is required by the New Hampshire

13 statute?

14 A. I don't know that it's required. So I

15 don't know if it's required by New Hampshire

16 statute.

17 Q. Okay. Would you like to read through this

18 just to find out whether or not you did mention

19 anything about a security breach, or are you

20 confident that you didn't?

21 A. No, I am not confident that I did or

22 didn't.

23 Q. Okay.

1 City.

Q. Okay. But will you agree with me that

3 that first sentence indicates that you spoke --

4 sorry -- you forwarded the voicemail to Kim Kleiner.

5 And then it says that "finding out about this person

6 from Kim." Does that mean that you found out from

7 Kim that Ms. Ortolano was not a City employee?

8 A. Yes. As I stated before, until that phone

9 call with Kim identifying the employees that I

10 thought were with the City -- or that I had

11 communicated with the City, until that point in

12 time, I that had no reason to believe that Laurie

13 wasn't with the City.

14 Q. Okay. And then if you don't mind reading

15 that second sentence beginning with "I called her

16 back"?

17 A. "I called her back thinking she was with

18 the City and we had just invoiced another batch."

19 Q. So based on the first sentence, do you

20 think that you already knew at that point that

21 Ms. Ortolano was not with the City?

22 A. No. I didn't know that she was not with

23 the City until Kim said she wasn't with the City.

41

- 1 Q. Okay. But I am just trying to get clear
- 2 here, because the first sentence shows that you
- 3 forwarded Kim Kleiner the voicemail; and then it
- 4 says "finding out about this person from Kim." Will
- 5 you agree that that suggests that Kim informed you
- 6 that Ms. Ortolano was not with the City?
- 7 A. I thought I already stated that.
- 8 Q. Right. But then your next sentence says
- 9 that you called her back thinking she was with the 10 City.
- 11 A. Yeah, I did. I called Kim -- not --
- 12 the times she had called me -- those three times
- 13 she called me and left voicemails, I called her
- 14 back.
- 15 Q. Okay.
- 16 A. Maybe I didn't word it properly and
- 17 clearly, but that's essentially what happened.
- 18 Q. Okay. So it's your testimony today that
- 19 you called Ms. Ortolano back prior to the call with
- 20 Kim Kleiner; is that correct?
- 21 A. Correct. I did not -- I called
- 22 Ms. Ortolano back each time she left a message,
- 23 which was three times. After the third one, I got a

- 1 regards to Laurie's statements about being with the
- 2 City, et cetera.
- 3 Q. And what sort of clarification did you
- 4 give him?
- 5 A. Same thing I told you, is that it wasn't
- 6 anything that she said. Like, she never came out
- 7 and said, "I am not" -- "I am with the City." It
- 8 was more that she had intimate knowledge about
- 9 things that, you know, in my experience, only
- 10 customers would have. I never had this happen in
- 11 28 years. And she never came out and said, "I am
- 12 not with the City," or, "I am" -- you know, "I need
- 13 this information for, you know, litigation
- 14 purposes," or whatever. She just asked questions
- 15 about specific, you know, POs and, you know, status
- 16 of the project, et cetera.
- 17 Q. Okay. So based on that answer, in your
- 18 conversation with Mr. Comeau, you gave him details
- 19 about your thoughts regarding Ms. Ortolano; correct?
- 20 A. I don't recall giving her [sic] any
- 21 thoughts other than that, you know, I didn't -- I
- 22 felt like she could have been more forthright about
- 23 who she was and -- and, you know, sort of what she

42

- 1 call back, I think it was, within a couple of days
- 2 of speaking with Laurie Ortolano. And Kim asked me
- 3 those questions about who I had been talking to. I
- 4 identified the people I thought were with the City
- 5 that I had spoken to. And then that's the point
- 6 where Kim said, "Oh, no, she is not with the City,"
- 7 and I said, "Oh, okay." So...
- 8 Q. Okay. Then at some point, I believe it
- 9 was, on February 11th -- but correct me if I am
- 10 wrong -- you received an email from Mr. Comeau from
- 11 the board of aldermen in Nashua?
- 12 A. I don't think I got an email. I think I
- 13 got a voicemail.
- 14 Q. Okay.
- 15 A. I could be wrong on that one, but --
- 16 Q. Okay. So we can check if we need to. But
- 17 leaving that aside, you did receive some form of
- 18 communication from Mr. Comeau of the board of
- 19 aldermen; correct?
- 20 A. Yes.
- 21 Q. Okay. And do you recall the substance of
- 22 that conversation?
- 23 A. Yes. He wanted to clarify my email in

- 1 was asking for. Because, you know, to my knowledge,
- 2 she was with the City and I was giving information
- 3 about that. So...
- 4 Q. Okay. But you didn't inform Mr. Comeau
- 5 that there may have been a data breach; right?
- 6 A. Yeah. Actually -- well, I had already
- 7 sent the -- the email, which, like I said, I
- 8 didn't -- I don't know if I specifically used the
- 9 term "data breach," but I did disclose customer
- 10 information.
- 11 So, you know, I may not have used the
- 12 proper term, "data breach," in there. But when I
- 13 let go private information to somebody who is not
- 14 authorized to have it, I feel an obligation to let
- 15 my customer know that I have done that. And that's
- 16 essentially what this email is.
- 17 Q. Okay.
- 18 A. And --
- 19 Q. So -- go ahead. Sorry.
- 20 A. The email was purely a notification to my
- 21 customer. I had no understanding that it was going
- 22 to be read into public forum. It was something that
- 23 I was just sending to let them know this is what

1 A I didn't call him thinking about the 2 Right-To-Know law. 3 Q You were requesting a document that was a 4 public record? 5 A Well, that is not how I looked at it. I 6 requested a document that he was scanning that 7 is our public record. See the difficulty here 8 was his company did have all of our public 9 records. We didn't have them, and we have to 10 get them back. When he told me they were 11 sitting in a warehouse in boxes for like two 12 months done and nobody had picked them up and 13 they weren't shipped back, I was surprised. 14 You have to get these back, because we are 15 waiting for them.
